WHEEL NUT INDICATOR RANGE

WHEEL NUT INDICATORS

Metric : 33mm
Approx IMP : 1 9/32"

Metric : 32mm
Approx IMP : 1 1/14"

Metric : 30mm
Approx IMP : 1 3/16"

**BUILT
AFRICA
TOUGH**

Description	WHEEL NUT INDICATOR
Sizes	30, 32 & 33
Colour	Yellow
Application	To provide indication of any Lug Nut movement

Indicators are used by drivers and auto mechanics to identify lug nuts which require tightening, to avoid detachment of wheels. Safety bodies recommend their use, especially on trucks, trailers and other heavy vehicles.
